Description

- HI CLASS TOP 30 IB AC WG supplies 30ltr/h Chilled & Ambient Water plus 10ltrs/h Sparkling Water.
- Hi Class Top 30 IB AC supplies 30ltr/h Chilled & Ambient Water.
- Ice Bank Chillers are renowned for offering larger quantities of Chilled Water at a consistently lower temperature than conventional Direct Chill Coolers.
- The 1ltr Sparkling Water Carbonator is situated inside the Hi-Class Ice Bank. This results in excellent and long lasting carbonation.
- The Hi Class Top 30 has an outstanding dispensing height of 30cm to facilitate bottle filling.
- The Hi Class Top 30 is an elegant table-top cooler in anthracite livery which stylish chrome accents.
- When installing an Ice Bank Cooler, please ensure that the Ice Bank is filled with water before turning the cooler on. Without water, the chilling unit will burn out.
- The Hi Class Top 30 can be retrofitted with contactless dispensing.

Accessories

Carbonated coolers require a gas regulator to connect the CO²cylinder. Our REGCO2 gas regulator is suitable for 600gm disposable CO² cylinders.

POU Installation rail with filter. Includes compression fitting, 1-Micron green filter, water block, copper pressure reducing valve & non-return valve.

The Hi Class Top 30 can be factory fitted with Contactless Dispensing to avoid hand to hand contamination.
